

December 2023 GSR report

- Area 06 is hosting an informational session on the Plain Language Big Book on Sunday, January 14, at 1 PM (PST). There will be interpretation in English, Spanish, and ASL (provided by professional ASL interpreters funded by Area 58 – Oregon). This event is an informational session designed to give AA members information about the development of the plain language translation of the Big Book. It is a virtual event. The flyer attached to this email includes information on how to access the virtual event.
- Speaker Magdaleno O from District 19, Area 06 spoke to the group. Magdaleno shared which Spanish-speaking groups are participating in service positions. In keeping with one of our inventory action items, we had several Spanish-speaking AA members from Watsonville and Salinas join the meeting to potentially offer suggestions about inclusion. We proposed the idea of having a representative from the Spanish-speaking groups attend the GSR Meeting.
